

Congratulations! We've spent the entire season testing the best hard goods from across the industry and you've earned a Platinum Pick award with the **Magoon Pro!** Thank you for your contribution to Snowboard Magazine's 2009-2010 Platinum Pick testing.

We wanted to notify you of your award this spring, so you can hopefully include the award in your consumer catalogue, on your website, alongside your products at the point of sale or any other marketing materials that will help your sales efforts.

Attached, you will find our Platinum Pick Illustrator file. It's the logo we will be using in print with each one of the Platinum Pick features. We will be featuring three separate features for boards, boots and bindings.

Again, congratulations, and thank you for making top quality gear for all of us to enjoy.

-Mike Basher
